03.07.2026

BACKGROUND

The Palyanitsya Association (the Association) was established on March 11, 2022 not very long after Russia on Feb 23, 2023 unleashed the war against Ukraine. The Association is collecting funds from the donors and purchases and delivers to Ukraine what is the most needed while closely coordinating such activities with volunteering organizations and our friends in Ukraine. We do believe that such approach helps to use the funds collected in the best possible way.
